Dear Sir,

We thank you very much for giving us this opportunity to be your most preferred technology partner. We highly value our relationship with you and we commit to maintain high quality of service to keep you satisfied. Having a client of your repute is a great honor for us.

At Hyniva we specialize in a complete solution which covers all the aspects of School administration. **EazySchool** is a state-of-the-art online software that empowers each and every School to “**Create, Collaborate and Communicate**”. It is the common thread linking parents, teachers, students and the School management together into a single entity. The highlights of the solution are :

- Cost-effective, easy to use and hardware hassle-free solution
- Very comprehensive state-of-the-art software with centralized database eliminating redundant data entry and download processes
- Highly secure and robust system with role based security model and data protection.
- Interactive tool for Admissions Management
- One click access to student data, attendance and performance reports
- Library Management: online store, eBooks, video lessons, online tutorials/tests
- SMS, e-mail alerts for important events and notifications
- Android App available: teachers, staff, parents etc. can access details and also updated the system like attendance, assignments etc from the app itself.
- Bio-Metric enabled attendance system, ID Card & TC Generation etc.
- Manage any number of institutions through multi branch/multi location facility.
- Easy Timetable creation to save time for teachers.

Based on our discussion, we are pleased to submit our commercial proposal for EazySchool – Cloud based School administration system as-is with all available features:

### 1. Features of the software

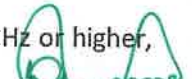

- The features of the software are as per attached features list which forms a part of this agreement
- All new features added in future releases, all updates shall be given free of cost to the client by the service provider
- All customizations that does not affect the flow of the software that client requests shall be done by the Service provider at no additional costs.

### 2. Institutions Computer Requirements:

The following are infrastructure required from the client side to run the whole software.

- For online application required Internet bandwidth: 1MBPS and above. Data 2GB and above depending on level of usage. Web browsers: Firefox, Chrome, IE 9 and above. Any OS
- For Mobile app : Android 4.0 and above
- For Desktop app system requirements are: Windows 7 or above versions, Processor 1 GHz or higher, RAM 2GB or higher, Min free space in disc: 4GB.
